

OBI-Consulting is a joint-venture company specialized in strategic and competitive intelligence in Europe and emerging countries. OBI-Consulting offers services for public and private sectors.

We are:

- located in Eastern Europe (Lithuania), an economically fast growing region which is at the crossroad of various zones of influence.
- present in Western Europe (France), where competitive intelligence market is strongly developed.

OBI-Consulting offers a wide scope of services in more than 40 countries to support and strengthen your development abroad by deploying many means for an operational information research.

We are member of the Society of Competitive Intelligence Professionals (SCIP), a global non-profit membership organization set for every company involved in creating and managing strategic business information. We follow the SCIP principles and its code of good practices.
